29 Reserve is designed and constructed by placing the needs, priorities & welfare of its residents right at the very top. In this sense, the charming landscape of Central Park offers an oasis within the hustle and bustle of a Malacca city.

With a vision to create a better living environment for the community within the local urban setting, the entire design concept of 29 Reserveis backed by the idea of creating an “Urban Oasis” within the commercial business district of Malacca city.
